SKILLS

Languages: C++, Python, C

Tools/Platforms: Git, GitHub, VS Code

Soft Skills: Problem-Solving Skills, Leadership, Adaptability, Self-Confident

PROJECTS

Smart Aquarium | March' 16

- Developed an IoT-based Smart Aquarium system using ESP32 , integrating a pH sensor for real-time water-quality monitoring and automated condition alerts.
 - Implemented servo motor automation using ESP32Servo to control an automatic fish-feeding mechanism, enabling programmable feeding operations.
 - Designed and tested breadboard-based hardware circuits integrating sensors, buzzer alerts, and a relay-controlled water pump for automated aquarium management.
- Tech Stack: *Python, ESP32, Arduino IDE, C++, ESP32Servo, pH Sensor, Servo Motor, Relay, IoT*

On-Demand Home Services Web App | Hackathon Project Jan' 12

- Developed a web-based platform that enables users to browse and book household services such as home cleaning, mopping, dishwashing, and laundry from a single interface.
- Designed a user-friendly service-booking workflow to simplify service discovery, selection, and order placement for everyday household tasks.
- Collaborated with a team during a hackathon to develop and present the solution, focusing on convenience, accessibility, and efficient service management.

CERTIFICATES

Programming in C <i>Infosys Springboard</i>	July' 5
Programming Fundamentals Using Python <i>Infosys Springboard</i>	June' 13
Python <i>HackerRank</i>	Mar' 17
SQL <i>HackerRank</i>	Mar' 25

EDUCATION

Lovely Professional University	Phagwara, Punjab
Bachelor of Technology	
Computer Science and Engineering; CGPA: 8.51	
Ryan International School	Greater Noida, Uttar Pradesh
Intermediate with PCM; Percentage: 73.42%	Mar' 10 – May' 20
School Name	Greater Noida, Uttar Pradesh
Matriculation; Percentage: 84.63%	Mar' 14 – May' 11
